

## The 6th European Conference on Renewable Energy Systems

25-27 June 2018, Istanbul, Turkey

Special Session on:

### Uncertainty Management in Renewable Energy Integrated Systems

**Organizer: Behnam Mohammadi-ivatloo, University of Tabriz, Tabriz, Iran**

We are pleased to announce you that a special session on “Uncertainty Management in Renewable Energy Integrated Systems“ is organized in VI. European Conference on Renewable Energy Systems, which will be held on June 25-27, 2018, Istanbul, Turkey. Your participation in this session is appreciated and I would be grateful if you could share the announcement with the interested colleagues and researchers.

This session will focus on the different aspects and new developments related to uncertainty management renewable energy based systems. The topics will include but not limited to the following fields:

1. Uncertainty management in integration of renewable energy in power systems
2. Participation of renewable energies in energy markets in uncertain environment
3. Probabilistic forecast techniques applied to renewable energies
4. Demand response programs for alleviating uncertainties of renewable energies
5. Energy storage facilities for covering renewable energy intermittency and variability of renewable energies
6. Stochastic programming for uncertainty management of renewable energies
7. Risk management in decision making in presence of renewable energy resources
8. Robust optimization for uncertainty management of renewable energies

**All of the accepted papers will be nominated for publication in special issue (after peer-review) of prestigious journals in the field like as:**

- [Environmental Technology](#) (SCI)
- [Proceedings of the Institution of Mechanical Engineers-A](#) (SCI-E)
- [Journal of Electronic Materials](#) (SCI)
- [Int. Journal of Hydrogen Energy](#) (SCI-E)
- [Int. J. Sust. Energy Planning and Management](#)
- [Int. J. Renewable Energy Technology](#)
- [Journal of Energy Systems](#)

**Important dates:**

**Deadline for abstract: 1st April 2018**

**Deadline for full-text: 1st May 2018**

**Conference dates: 25-27 June 2018**

Please refer to conference web page for more information and paper submission.

**<http://www.ewres.info>**

Please send a copy of your submitted paper to [bmohammadi@tabrizu.ac.ir](mailto:bmohammadi@tabrizu.ac.ir) for consideration in the special session.
